

## Dr. Sohameh Mohebbi

Associate Professor, Department of  
Biology

Ale Taha Institute of higher Education, Tehran,  
Iran

Email: s.mohebbi@aletaha.ac.ir

### 1. Research Interests

- Molecular biology, gene expression, and epigenetics
- RNA sequencing and transcriptomics

### 2. Education

Degree	Field	Institution	Year
Ph.D.			
M.Sc.			
B.Sc.			

### 3. Academic Positions

- Associate Professor, University of Science (2020–Present)
- Assistant Professor, University of Research (2016–2020)

### 4. Publications

- Doe, J., & Smith, A. (2023). Gene expression in stress conditions. \*Journal of Molecular Biology\*, 45(2), 123–134.

## 5. Grants and Funding

- Principal Investigator, "Genomic responses to stress", National Science Foundation, \$250,000 (2022–2024)

## 6. Teaching Experience

- Advanced Molecular Biology, University of Science – Lecturer (Spring 2023)
- Genetics 101, University of Research – TA (Fall 2018)

## 7. Supervision

- Ph.D. Student: John Smith – "Gene expression under stress", 2021–Present

## 8. Awards and Honors

- Best Researcher Award, University of Science, 2022

## 9. Professional Activities

- Reviewer for \*Genomics Today\*, \*Molecular Biology Reports\*
- Organizer, Annual Genomics Conference 2023

## 10. Memberships

- Member, American Society for Biochemistry and Molecular Biology
- Member, Genetics Society of America

## 11. Languages

Language	Proficiency
English	Native
French	Fluent

## 12. Technical and Research

- Techniques: PCR, Western Blotting, CRISPR
- Tools: R, Python, LaTeX

## 13. References Skills

Available upon request
